

SuperNatural

America is not so much a nightmare as a non-dream. The American non-dream is precisely a move to wipe the dream out of existence. The dream is a spontaneous happening and therefore dangerous to a control system set up by the non-dreamers. — William S. Burroughs, "The Job," 1989

WHAT IS SuperNatural?

SuperNatural is a forthcoming exhibition juried by Arnold J Kemp, artist and former Associate Curator of Yerba Buena Center for the Arts, San Francisco

Exhibition dates: September 6 – October 8, 2007, during PICA's Time-Based Art Festival

ABOUT SuperNatural

PICA seeks submissions of artwork by Portland based artists for an Entry Fee-Free Juried Exhibition. SuperNatural, was conceived as a response to the current political and cultural climate. The work chosen for this exhibition will be featured concurrently with DAYDREAM NATION (The Suspiria Version) an exhibition of new work by Arnold J. Kemp to be presented by PICA at the 2007 Time-Based Art Festival
